

# **Presenting Today**

Dennis Henry, Greenon BOE President Brad Silvus, Greenon Superintendent Charlie Jahnigen, SHP Leading Design

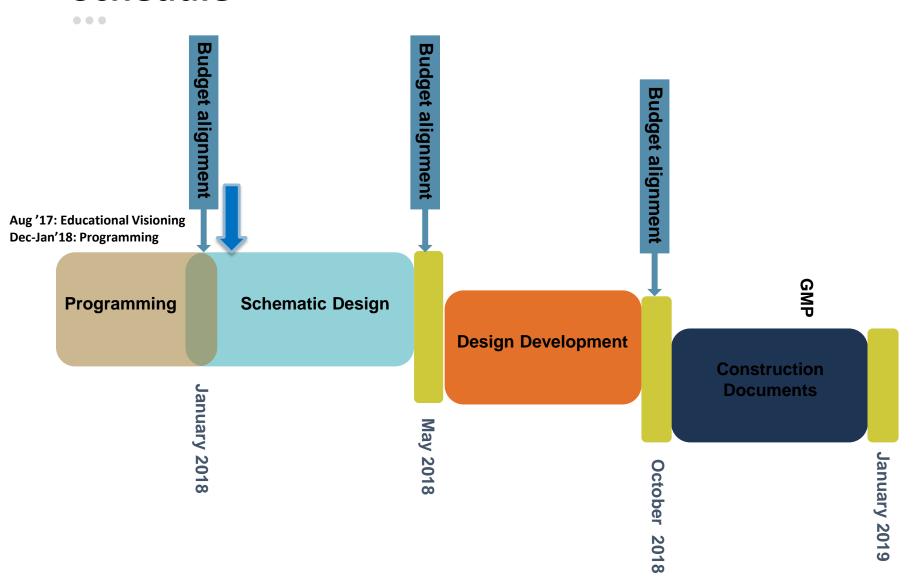

# Agenda

- Schedule
- Educational Visioning
- Program
- Design Update
- Questions

#### **Schedule**

#### **Schedule**

Schematic Design Phase - Feb 1st - May 2nd

Feb 13: K-12 Design Team meeting

Feb 14: GLSD BOE meeting

Feb 20 & 28: Department meetings

Feb 26: Community presentation

March 7: K-12 Design Team meeting

TBD Department meetings

March 15: GLSD BOE meeting

April 23: Community presentation

# Educational Visioning: Guiding Values

#### Our future focused learning environment should:

- Be an efficient use of fiscal and natural resources while anticipating the future.
- Equip our learners to thrive tomorrow by addressing relevant challenges today.
- Reflect real life by enhancing interaction and collaboration between all participants.
- Be a beautiful gathering point for the entire Greenon community.

# Educational Visioning: Primary Shifts

**SHIFT #1:** Learning tailored to individuals' unique needs and interests.

**SHIFT #2:** Facilities organized around interdisciplinary groups.

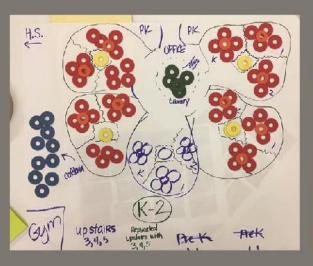

**SHIFT #3:** Students work in spaces they have some control over.

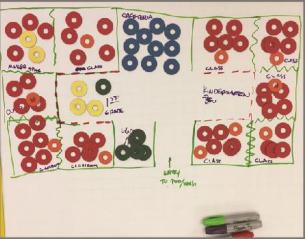

#### **ELEMENTARY DIAGRAM**

Each elementary solution featured traditional classroom units clustered around a shared collaborative commons. This commons was composed of media (or library) and hands-on spaces. One team also created a learning community dining area to augment the shared/collaborative spaces. One plan included small group rooms adjacent to the classrooms, appropriate for collaboration or individual instruction.

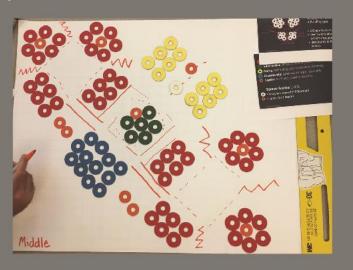

#### **MIDDLE SCHOOL DIAGRAM**

Similar to the elementary schemes, the middle school scheme illustrated grade level communities organized around shared media and doing spaces. It included some minor collaborative space for teachers as well as a decentralized dining area to support the small learning community.

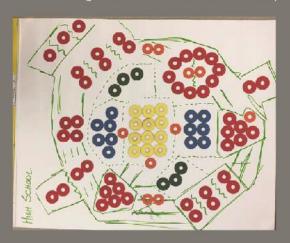

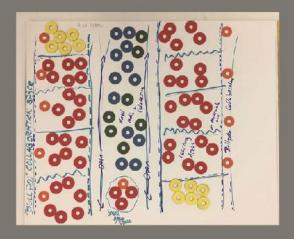

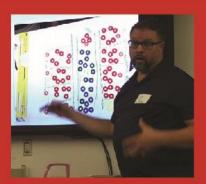

#### **HIGH SCHOOL DIAGRAM**

Two teams focused on the high school solution. But unlike the elementary groups, these teams took significantly different approaches to developing their plans. While one group based their solution on a standard 25-student classroom unit, the other provided a broad range of spaces to support student groups from five to 50. Both schemes included collaborative space for teachers to work together and learn from each other. And both solutions had been organized around a large collaborative commons composed of dining, media and doing spaces.

# Program Of Requirements (POR)

- Enrollment Projections
- OFCC Master Plan
- Programming Exercise

#### Chillicothe City School District, New PK-2 building SUMMARY OF SPACES WORKSHEET

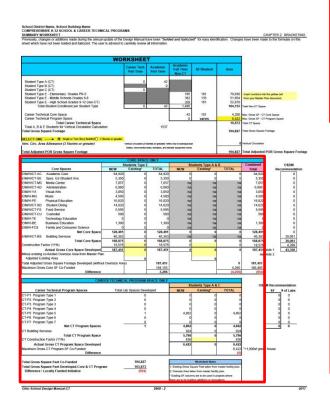

CHAPTER 2: BRACKETING

Previously, changes or additions made during the annual update of the Design Manual have been "bolded and Italicized" for easy identification. Changes have been made to the formulas on this sheet which have not been bolded and italicized. The user is advised to carefully review all information.

	Worksheet Summary Notes
Number	Notes:
Special	Individual spaces are taken from the space plates which are located throughout Chapters 4, 5, and 6.
	Please see these particular chapters for specific requirements for each space.
1	Vertical Circulation (3 Stories or greater) refers only to the following: Stairways/stairtowers, monumental stairs,
	elevators, and elevator equipment room.
2	Existing Gross Square Feet taken from master facility plan.
3	Oversize Area also taken from master facility plan.
	The Existing SF column is used in projects where there are to be building additions or renovations.
